## ***The Four Loves***

Saturday, February 20  
7:00 p.m.

**Is there anything** more universal than love? Love has been the inspiration for artistic expression since the dawn of time but because of its complexity, the Greeks broke it down into four different kinds: romantic, familial, friendly, and unconditional.

**Cantus** regards our greatest and most fragile gift in their program of a cappella music, *The Four Loves*. Including music by Poulenc, Grieg, Beethoven, Bobby McFerrin, and four newly commissioned works, *The Four Loves* looks at this unquantifiable emotion from all sides.

**With recent debuts** at Lincoln Center and The Metropolitan Museum of Art, Cantus is increasingly recognized as one of America's finest vocal ensembles.

Admission is \$20 per person.

Tickets are available at the door or by reservation.
